

**Poland – Partner Country at the German Geothermal Congress, 29.11 – 1.12.2016, Essen, Germany**

***Workshop Agenda, 29.11.2016***

| <b>Session 1<br/>11.20 – 13.00</b> | <b>Title</b>   | <b>Speaker / s</b>   |
|------------------------------------|--|--|
|                                    | Workshop welcome and opening talks   | Representative of German Geothermal Association<br>Beata Kępińska (Polish Geothermal Society, chairperson)<br>Karolina Kozłowska (Vice-Consul, Trade Department, Consulate of Republic of Poland, Koeln) |
|                                    | Geothermal energy potential of Poland  | Marek Hajto (PGS, vice-president, AGH-UST)   |
|                                    | Current state and prospects of geothermal energy uses' development in Poland | Beata Kępińska (PGS, MEERI PAS)  |
|                                    | Geothermal energy uses in district heating – selected examples               | Piotr Długosz (PEC Geotermia Podhalańska SA, Supervisory BoD, chair)   |
|                                    | Geothermal aspects of the Upper Silesia Coal Basin, Poland                   | Ewa Kurowska (PGS, BoD member, University of Silesia)  |
|                                    | Discussion   |  |
| 13.00 – 14.00                      | Lunch break  |  |

| Session 2<br>14.00 – 15.40 | Title   | Speaker / s   |
|----------------------------|---|---|
|                            | Geothermal research in Poland – selected examples   | Anna Sowizdżał, Wojciech Górecki, Marek Hajto (AGH-UST), Jacek Banaś (AGH-UST),<br>Beata Kępińska, Barbara Tomaszewska, Wiesław Bujakowski, Robert Skrzypczak, Maciej Miecznik (MEERI PAS),<br>Ewa Kurowska (University of Silesia) – presented by Beata Kępińska |
|                            | Development of shallow geothermal energy in Poland and involvement of the Polish Geological Institute. Current state of research and practical applications | Maciej Kłonowski, Wiesław Kozdrój, Grzegorz Ryżyński (Polish Geological Institute – National Research Institute)  |
|                            | Polish heat pump market after 5 years of PORT PC activities and supporting initiatives for close future   | Jakub Koczorowski (PORT PC BoD member) – presented by Ewa Kurowska  |
|                            | Polish – German cooperation opportunities in geothermal energy sector   | Beata Kępińska (Polish Geothermal Society, chairperson)   |
|                            | Discussion, workshop closure  | Representative of German Geothermal Association, Beata Kępińska (Polish Geothermal Society, chairperson)  |
